

## ProCase and ProHolster

ProCase gear protectors are weather, water and impact resistant. Requiring only one hand to operate the catch-and-latch system, ProCases are available in small, medium, large and extra large. Each ProCase includes a rugged Kevlar® tether that reaches up to 900mm and the stainless steel spring is proven to last more than 1 million pulls. Attaching your gear to the ProCase tether is easy.

ProSheath  
(excludes  
pliers)

ProCase with inter-  
grated Retractor  
(excludes pliers)

ProHolster  
(excludes radio)
